Breathe Well Sleep Well and Live Lung Clinic

Offers the Caribbean's Premier

GENERAL

MEDICINE

We take pride in caring
for our patients for life.

What is General Medicine?

Our General Medicine Clinic provides primary care to patients with acute and chronic medical conditions. Our aim is to bring to patients an understanding of wellness (disease prevention and the promotion of health).

Patients through the ages 12yrs to geriatric are seen in the clinic. Some of our services include diabetes and hypertension management, vaccinations (eg. Influenza shot, pneumococcal shot, etc.), anti-coagulation care, health maintenance, etc..

At breathe Well Sleep Well and Live Lung Clinic, we take pride in caring for our patients for life. We combine our team of outstanding medical professionals with accurate & rapid diagnostic and treatment services to help our patients live a more satisfying and healthy life.

Our General Medicine Practice

The Breathe Well Sleep Well and Live Lung Clinic offers general medical care for our patients by doing the following:

- Clinical interventions with a doctor who gives assistance, advice and testing.
- Counseling (i.e. individual, group or telephone)
- Behavioral therapies.
- Treatments with more person-to-person contact.
- Use of medications and devices which have been found to be effective for treating Sleep Apnea.

Breathe Well Sleep Well and Live Lung Clinic knows that the combination of medication and environmental modifications is very effective for overall general wellness and thus uses a multidisciplinary approach a 100% success rate for overall patient care

"Helping our patients live a more satisfying and healthy life."

General Wellness Questions

- Do you need a doctor?
- Do you have high blood pressure?
- Do you have diabetes?
- Do you have high cholesterol?
- Do you want to lose weight?
- Is your vaccination status up-to-date?
- Do you require immigration clearance?
- Do you require a complete physical examination (employment or personal)?
- Are you interested in overall wellness?

If you answered "YES" to any of those questions, we can be of assistance and it is recommended that you make an appointment
